LETTER OF RECOMMENDATION

◆

To Whom It May Concern,

I am pleased to recommend Nakul Maini, who has been an important part of helping me build and manage the IT side of my business.

Nakul has demonstrated strong technical knowledge, excellent problem-solving skills, and a professional approach to his work. He has helped develop and manage technology systems that support my business while consistently being dependable, responsive, and solution-oriented.

What I appreciate most about Nakul is his ability to understand the business side of technology. He takes the time to understand what is needed and works to find practical solutions that improve efficiency and support business growth.

I highly recommend Nakul to any organization looking for a knowledgeable, reliable, and dedicated IT professional. I am confident that he will be a valuable asset to any team.

Sincerely,

Yuan Turk
